buncee® Delivers a New Way of Creating and Sharing Multimedia Holiday Greetings Online

easily create e-greetings using personal text, photos, video, links and more

Riverhead, NY (November 15, 2012) – Just in time for the holidays, Buncee, LLC demonstrated its easy-to-use e-greeting solution today at Wine, Dine & Demo 2012. [buncee®](http://www.buncee.com) showcased its online content sharing platform – www.buncee.com – which helps users create and share their everyday memories, interests, greetings, invitations, digital scrapbooks, and even business stories in a fun and social way.

Designed for non-technical users, buncee is the ideal online tool for creating festive holiday greeting cards and messages. An interactive digital canvas allows users to easily insert their own photos, text, links, videos and other online content or choose from a wide range of design elements and templates including holiday and seasonal styles. In just minutes users can create eye-catching graphics and instantly share their creations via email and all major social networks. Getting started at buncee is free, and unlike other e-greeting sites, the buncee platform allows for a unique level of customization giving users complete freedom to send a special, truly personalized greeting to their friends, family and networks.

“buncee is more than just a social network designed to keep people in touch. It’s a fast and easy way to create stunning visual greetings to share via email and on popular sites such as Facebook, Twitter, and Pinterest. Whether for personal or business use, buncee provides users with opportunities to express themselves better than ever before,” said Marie Arturi, CEO, Buncee LLC. “Our goal is to give everyone – tech savvy or not – an easy way to share their interests, cool finds, greetings, ideas, you name it, in a more engaging and interactive way than by simply typing a boring text message or posting a simple happy birthday on someone’s wall. Our lives aren’t set in black-and-white text and the way we communicate shouldn’t be either.”
