DXO IMAGE MASTERS SHOWCASE GAINS MOMENTUM

DxO Labs' photo gallery gains strength as seven new pros come on board, including Alain Briot, Katrin Eismann, and Gerry Kopelow

Paris, France, April 7, 2006– DxO Labs welcomes seven new professional photographers to the **DxO Image Masters** showcase. The electronic photo gallery, which can be viewed at http://www.dxo.com/en/photo/image_masters/default.php, features photographs by professionals and rising stars from around the world.

“The **DxO Image Masters** are demanding professionals. They’re constantly pushing to get the most from their equipment. Through examples of their work we get to see not only the art of photography but how they get even greater results from their cameras and lenses,” says Luc Marin, vice president of DxO Labs Photography business. “We are very happy with the success of the **DxO Image Masters** and are pleased to welcome these talented professionals to the showcase.”

The new **Image Masters**-- Alain Briot, Keith Cooper, Katrin Eismann¹, Lynne Glazer, Heinz Kleim, Gerry Kopelow¹ and Richard McDowell-- reinforce the gallery’s international aspect, representing a varied spectrum of photographic approaches from the US, the UK, Germany and Canada.

Visitors to the **DxO Image Masters** site will see exciting new images by the original members: Aneesh Bhasin, Ian Coristine, Nick Crossland, Jeni Fong, Hank Gans, JR Geoffrion, Alan Haynes, Mark Junak, Dwight Lutsey, Paco Márquez, Arthur Péquin, and Dan Santillo.

DxO Image Masters is an invitation-only program. Professional photographers interested in knowing more should contact imagemasters@dxo.com

Additional information about each DxO Image Master is available on their website:

¹ Photos by Katrin Eismann and Gerry Kopelow will be available for viewing by the end of April.

About DxO Labs and its DxO Technology

DxO Labs is a software and intellectual property licensing company focused on research in applied mathematics for still and video image processing. We provide advanced technologies and reliable, off-the-shelf solutions to achieve excellence in all aspects of image quality for companies and consumers in the imaging business:

- Digital camera vendors;
- Professional and serious amateur photographers;
- Photography journalists and imaging experts.
- Mobile imaging: cameraphone vendors, camera module manufacturers, sensor and processor vendors;

We guarantee state-of-the-art technology in image processing thanks to our significant research efforts. DxO Labs' ambition is for the "DxO" brand to become recognized as the consumer's trusted mark of excellence in image quality.
