

MAC Group USA Announces \$25 PocketWizard® ControlTL® Promotion for Canon and Nikon Users

*Mail-in rebate available in the U.S. only for MiniTT1® and FlexTT5®
Wireless Flash Triggering System*

North White Plains, NY – (April 2, 2012) – [MAC Group](#), a leading manufacturer and distributor of professional photographic equipment, announces today a \$25 mail-in rebate for U.S. customers that purchase a new PocketWizard MiniTT1 and/or FlexTT5 radio for use with Canon or Nikon DSLR camera systems from April 1, 2012 to May 31, 2012. Via mail-in rebate, purchasers will receive \$25 for each unit purchased from an Authorized PocketWizard Dealer in the U.S.

“MAC Group, PocketWizard's USA distributor, is happy to provide Canon and Nikon shooters in the U.S. with a special opportunity to experience the amazing capabilities of PocketWizard ControlTL radios,” said Phil Bradon, MAC Group's PocketWizard Marketing Manager. “This limited time \$25 rebate is available on every MiniTT1 or FlexTT5 for Canon and Nikon purchased. ControlTL is the perfect complement and a must-have accessory to Canon and Nikon digital SLR systems, providing amazing flash and camera triggering capabilities.”

About MiniTT1 and FlexTT5

The PocketWizard [MiniTT1 Transmitter and FlexTT5 Transceiver](#) for Canon and Nikon DSLR camera systems allow photographers to enjoy the ease of TTL exposure automation with the simplicity of PocketWizard's ControlTL™ system. These TTL capable radio slaves make taking off-camera flash as effortless as slide-in, turn-on and shoot.

Combining TTL automation with the reliability of PocketWizard radio technology results in perfect off-camera flash photography in any environment – around corners, out-of-sight and even outdoors in bright sunlight. The MiniTT1 Transmitter and FlexTT5 Transceiver can be used to control single or multiple off-camera TTL flash units and provide unique features such as HyperSync, which allows photographers to go beyond their normal x-sync speed. Thanks to upgradeable firmware, these units will remain current even as camera technology changes.

About PocketWizard

Incorporating the latest radio technology, PocketWizard (www.PocketWizard.com/) products exceed the demands of the working pro and photo enthusiast with durability, ease of use, advanced capabilities and legendary PocketWizard reliability.

PocketWizard products, including the PLUS[®] III, MultiMAX, MiniTT1[®] and FlexTT5[®] are made by LPA Design, based in South Burlington, Vermont and sold by distributors around the world including the MAC Group (www.MACgroupUS.com) in the USA.
