

FOR IMMEDIATE RELEASE

**onOne Software Announces Availability of
*Essentials for Adobe® Photoshop® Elements Software***
New software product developed specifically for users of Adobe Photoshop Elements

Las Vegas, NV - March 7, 2007 - onOne Software, Inc., announces today the upcoming availability of a new software product – Essentials for Adobe Photoshop Elements. This new software suite includes technology from onOne Software’s highly acclaimed Intellihance Pro, Mask Pro, PhotoFrame Pro, and Genuine Fractals software products fine-tuned specifically for Adobe Photoshop Elements. onOne Software is accepting pre-orders now and will begin shipping Essentials for Adobe Photoshop Elements the first week of April 2007.

“For years, users of Adobe Photoshop have come to rely on our full suite of Photoshop plug-ins to enhance and improve their digital images,” said Craig Keudell, president of onOne Software. “Now, with the introduction of Essentials for Adobe Photoshop Elements, onOne Software is able to bring the benefits of our plug-ins to an even wider range of digital imaging enthusiasts.”

onOne Software’s new Essentials for Adobe Photoshop Elements software suite provides users of the popular Photoshop Elements image editing and organizing software with four important plug-in solutions to solve common digital imaging problems. With Essentials for Adobe Photoshop Elements, users can easily correct the color of their photos using technology from Intellihance Pro, cut out and separate foreground and background objects using Mask Pro, add a unique border and edge around their photos using technology from PhotoFrame Pro and increase the size and resolution of their photos to get a larger print size by using technology from Genuine Fractals, the industry standard for resizing digital photos.

Essentials for Adobe Photoshop Elements supports Adobe Photoshop Elements versions 4 and 5 for Windows and Adobe Photoshop Elements 4 for Macintosh. onOne Software’s Essentials for Adobe Photoshop Elements is available for \$59.95 from onOne Software authorized distributors and resellers, or direct from onOne Software at www.onOnesoftware.com.

About onOne Software

onOne Software develops time-saving software solutions for professional and advanced amateur photographers in the digital photography and graphic design industries. onOne Software solutions have been created to help photographers spend more of their time behind the camera taking pictures instead of the computer workstation. Such solutions include a wide range of easy-to-use plug-in enhancements for Adobe® Photoshop®, Photoshop Elements and QuarkXPress®.

onOne Software delivers the highest quality software products to users by working with industry leaders and continuing to develop core technologies for professional photo and desktop
