

FOR IMMEDIATE RELEASE

onOne Software Announces Availability of New Helene Glassman Digital Frame Collection

*Affordable add-on for PhotoFrame Pro 3 and PhotoFrame Elements
enhances creativity and professional style*

Portland, OR - October 16, 2006 - onOne Software, Inc., announces the immediate availability of the new professionally designed Helene Glassman Digital Frame Collection. This new collection adds to the already extensive library of easy-to-use border and edge effects currently available for users of onOne Software's PhotoFrame Pro 3 and PhotoFrame 3 designed specifically for Photoshop® Elements.

“This new onOne Software Digital Frame Collection is a great addition to our line of customized signature frame collections,” said Craig Keudell, president of onOne Software. “Our goal in creating these Digital Frame Collections and collaborating with world-renowned professional photographers is to help other photographers spend more time behind the camera with the knowledge that their own final masterpieces are just a few mouse clicks away. We are proud to partner with Helene to bring her custom frames to our users.”

In addition to the new Helene Glassman collection, also available is the Jim DiVitale Digital Frame Collection, Vincent Versace Digital Frame Collection and Rick Sammon Digital Frame Collection as well as the popular Instant Film Digital Frame Collection.

Each collection includes customized signature frames and edge effects designed personally by these professional photographers. onOne Software's family of Signature Digital Frame Collections provide photo enthusiasts and graphic designers alike with even more easy-to-use digital frame options for adding the perfect finishing touch to digital images.

PhotoFrame Pro 3 for Photoshop CS, CS2 and Photoshop Elements and PhotoFrame 3 designed specifically for Photoshop Elements are compatible with Mac OS X 10.3.9 and higher or Windows XP. All Digital Frame Collections are available for \$39.95 and are compatible with both PhotoFrame Pro 3 and PhotoFrame 3 for Photoshop Elements. PhotoFrame Pro 3 and PhotoFrame 3 for Photoshop Elements are available from onOne Software authorized distributors and resellers, or direct from onOne Software at www.onOnesoftware.com. Digital Frame Collections are only available as convenient direct downloads from the onOne Software Web site.

About the Photographer

About onOne Software

onOne Software develops time-saving software solutions for professional and advanced amateur photographers in the digital photography and graphic design industries. onOne Software solutions have been created to help photographers spend more of their time behind the camera taking pictures instead of the computer workstation. Such solutions include a wide range of easy-to-use plug-in enhancements for Adobe® Photoshop®, Photoshop Elements and QuarkXPress®.

onOne Software delivers the highest quality software products to users by working with industry leaders and continuing to develop core technologies for professional photo and desktop publishing solutions on both Macintosh and Windows operating systems. Founded in 2005, onOne Software is a privately held company located in Portland, Oregon. For additional information, visit www.ononesoftware.com or call 1-888-968-1468.
