

PocketWizard® Photo Products Announces New Storage Solution

PocketWizard G-Wiz Squared gadget bag perfect for the safe and convenient storage of multiple Plus® III's and accessories

So. Burlington, VT – August 1, 2012 – LPA Design, manufacturers of [PocketWizard](#) Photo Products, the world leader in wireless control of cameras, flash lighting and light meters, announces today the new [G-Wiz Squared](#) bag. Designed specifically for use with the PocketWizard Plus III Transceivers and accessories, this optimally-sized padded gear bag, available in three colors, packs a lot of room in a small space and still fits easily into a photographer's complete gear bag.

“This colorful new G-Wiz Squared bag offers photographers a convenient and secure solution to keep all their radios and coordinating accessories organized and together in one place for quick and easy access,” said Dave Schmidt, LPA Design's VP of Marketing. “It's the ideal storage solution for photographers that have invested in multiple Plus III Transceivers plus it's a perfect general gadget bag as well.”

The new PocketWizard G-Wiz Squared bag holds up to four Plus III's and connector cables and features movable hook-n-loop padded dividers allowing photographers to customize this bag to fit their gear-packing needs. The G-Wiz Squared opens from the top allowing photographers to ensure at a glance that all their PocketWizard gear is neatly and safely packed away. And, the padded movable dividers provide extra protection when traveling.

Features include: zippered inside pocket perfect for connector cables, Super Snap Closure attachment straps, movable hook-n-loop padded dividers, 2.8" wide x 4.7" high by 4.7" deep, and durable rip-stop nylon construction. The G-Wiz Squared bags are available now in Black, Orange and Blue for around \$25.

About PocketWizard
