

FOR IMMEDIATE RELEASE

xTrain.com Announces Six New Courses & Classes Now Available for Enrollment

*xTrain™ offers world-class online video training ranging in topics from
Photoshop® for Baby Boomers to Professional Digital Arts*

San Francisco, CA, Macworld Booth #S-416 (January 10, 2008) – xTrain.com, a leader in online video training for media, arts, and design announces six new course titles and classes open for immediate enrollment. Each course is designed and produced exclusively for xTrain.com and features world-class instructors and clearly defined learning objectives. xTrain courses and classes educate students with professional practices and standards in their respective industries.

“xTrain is delighted to add these new online video courses,” said Siatha Vest, xTrain’s Director of Training. “The breadth and depth of our courses are matched only by the quality of our instructors and the first-rate production values built into each class.”

New xTrain courses and classes include: *Digital Photography: Digital Photography & Photoshop for Baby Boomers* course by photography author and editor Rob Sheppard; *Online Marketing: Social Media* course and *Social Media: Secrets of Podcasting* course by social media consultant Giovanni Gallucci; *Digital Arts: Traditional Drawing in a Digital Realm*, *RPG Concept Illustration in Painter X* class by illustrator Ron Lemen; *Tivoli: ITM 6 Best Practices* – a free class by consultant John Willis; and *Web Design: Web Design Process* course by author, designer and art director Wendy Willard.

Existing xTrain Courses include:
